RE: Freedom of Information Act Request

Dear Ms. Gross:

This is a request under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552. I request that a copy of the following documents, or documents containing the following information, be provided to me:

Any and all documents related to an inspection conducted by the Environmental Protection Agency ("EPA") of Drexel Chemical Company's ("Drexel") facility at 120 Cape Road, Cordele, Georgia conducted on Tuesday, July 16, 2013. Inspector Darryl Himes conducted the inspection. This request includes all related documents to which Drexel is entitled, and which are not privileged or confidential under applicable statutes.

As relates to the above referenced inspection, Drexel requests all allowable documents related to above-referenced complaint which led to the inspection, as well as any complaint related documents or correspondence from/to/with any of the following:

Steve(n) Swearingen
Fluorochemika Corp., LLC
Fluorochemika Labs
Fluorochemika Poland, Sp.z o.o
Darryl Sumner

Such correspondence may refer to sulfuryl fluoride, cylinders, waste, hazardous waste, and/or storage.

In order to help determine my status to assess fees, you should know that I am in-house counsel for Drexel Chemical Company, which is a corporation organized under the laws of the State of Tennessee.

This request made so that Drexel may provide the documents to the Honorable Tu Pham, magistrate judge in the United States Federal Court for the Western District of Tennessee. There is litigation pending between Drexel and Fluorochemika Corp., LLC in Judge Pham's court, and the storage of cylinders has been an issue in the case.

Thank you for your consideration of this request.

Sincerely,

David L. Pool
In-House Counsel

cc: V. Anne Heard, Acting Regional Counsel and Director
